The School of Public Health, University of Ghana in collaboration with MEASURE Evaluation is organizing

The 6th Annual Anglophone Workshop on Monitoring and Evaluation of Malaria Control Programs

June 8-19, 2015 at the School of Public Health, University of Ghana, Accra, Ghana

Workshop objectives:

- ❑ Train national malaria control program managers and other professionals working in the area of Monitoring and Evaluation of malaria control programs in sub-Saharan Africa in fundamental concepts and practical approaches to Monitoring and Evaluation of malaria programs.
- ❑ Discuss programmatic applications of the main tools and data systems used to monitor and evaluate malaria programs.
- ❑ Provide a venue for participants to share and learn from other country experiences to strengthen their Monitoring and Evaluation systems.

Eligibility:

- ❑ Individuals with approximately 0-5 years of experience working in Monitoring and Evaluation
- ❑ Current NMCP staff; NGO and donor personnel responsible for reporting, Monitoring and Evaluation of malaria control programs; and other individuals with a professional interest in Monitoring and Evaluation of malaria control programs.
- ❑ Proficiency in English
